## JUNIOR FRONT-END DEVELOPER IN TRAINING

Motivated self-learner in web development, equipped with a solid understanding of front-end technologies, and excited to contribute to innovative projects that enhance user experiences

## WORK EXPERIENCE

### Web Developer | Trikuta Infotech, Australia

Feb 2023 - present

- Conceptualized and created the official company website, showcasing products and services to enhance online presence.
- Automated hardware and software sales processes by configuring Datto Commerce, enabling customers to browse, purchase, and track orders online. Achieved a 50-60% reduction in manual tasks, enhancing overall efficiency.
- Spearheaded the migration project, configuring and executing the transition from Google Workspace to Microsoft 365, ensuring a smooth and efficient shift for the entire organization.

### Lead Web Developer | Bhavans College

- Led the web development team in the creation and deployment of the official website for "O2: The Fest," playing a pivotal role in enhancing the online presence of the event.

## TECHNICAL SKILLS

### Front-end Technologies:

- HTML | CSS | JavaScript
- React

### Back-end Technologies:

- Node.js | Java

### Databases

- MongoDB | MySQL

## EDUCATION

Master of Computer Applications (MCA)   LPU (Distance Learning)	2023-Present
Bachelor of Science (BSc) in Computer Science	CGPA: 9.18   2023
12th (HSC)   Utkarsh Vidyalaya & Junior College	67.54%   2020
10th (SSC)   St. Peter's High School	85.40%   2018

## PROJECTS

### Catering Management System

- Developed a comprehensive Catering Management System using Java and MySQL, revolutionizing record-keeping for businesses in the catering.

### NoteBox: A React-Based Note-Taking App

- Designed an intuitive user interface for an enhanced note-taking experience, featuring real-time updates and a responsive design for optimal usability.
